Style 1102 Rubber Expansion Joint

3" ID x 10" F/F (DN80mm x 254mm) - 150-lb Drilling | 1102-0003-3.19

Section Detail

shown with Control Unit GR/B

Optional Control Units

- No Control Units
- Outer Washer / Grommet Inner Bare (GR/B) (shown above)
- Inner Nuts (GR/W)
- Spherical Washer (GR-SW/B)
- Spherical Washer (GR-SW/SW)
- Integral Ring (INT-W/B)
- Integral Ring (INT-W/W)
- Integral Ring, Spherical Washer (INT-SW/SW)
- Integral Ring (INT-W/B)
- Integral Ring (INT-W/W)
- Integral Ring, Spherical Washer (INT-SW/SW)

*Gusset thickness and pressure listed above are for carbon steel gussets and ASTM A193 B7 rods. Contact General Rubber for stainless steel pressures and thicknesses.

Maximum Temperature rating based on lowest temperature material selected. EPDM or Butyl w/Polyster Tire Cord rated 300°F (149°C) for Air Service up to 25 psig (1.7 barg)
